

TERMS AND CONDITIONS

Horse Racing Participant Licence

Trainer

Licensees must comply with all general racing participant licence terms and conditions, and terms and conditions specific to the type of racing participant licence held.

1.0 Definitions

“**Lasix program**” means a controlled medication program authorized by the Canadian Pari-Mutuel Agency (CPMA) and the LGCA, whereby furosemide (referred to as Lasix) is administered to horses certified to receive furosemide while in competition in pari-mutuel races within the rules of racing and in accordance with the provisions of the CPMA Betting Supervision Regulations.

“**unrecognized track**” means a horse race track that is not licensed by a national, provincial or state organization that governs the conduct of thoroughbred or standardbred horse racing in Canada or the United States of America.

3.0 Trainer

3.1

The licensee must ensure that all horses under their care are registered with the race secretary of each race track operator, and the name, colour, sex, age, breeding, and owner(s) of each horse are stated in the registration.

3.2

The licensee must:

- a) provide the LGCA with a list of all horses under their care and the name of the owner or authorized agent for each horse registered with the race secretary; and
- b) notify the LGCA of any changes to the list of horses under their care.

3.3

If a horse under the licensee’s care has been running at unrecognized tracks, the licensee must:

- a) disclose this to the LGCA; and
- b) provide past performance lines where applicable to the LGCA.

3.4

The licensee must not have a horse owned wholly or in part by any unlicensed owner under their care, unless the horse is a 100% leased horse and written permission is given by a race administration official.

3.5

The licensee must not be employed or licensed for a race track operator as a race official, officer, managing employee, or track maintenance supervisor.

3.6

The licensee must not allow a substitute trainer to train horses under the licensee’s care unless the licensee gives written notice to the LGCA of:

- a) the name of the substitute trainer; and
- b) the period of time during which the substitute trainer will train the licensee’s horses.

3.7

Licensee and substitute trainer responsibilities apply as described in the rules of racing.

3.8

The licensee must not have any interest in the earnings, winnings or bonus of any other trainer.

3.9

The licensee must not move, or permit to be moved, any horse under their care, from the grounds of a race track operator unless approved to do so by a race administration official.

3.10

The licensee may only administer medication as described in the rules of racing.

3.11

The licensee must ensure that any horses under their care that are on a Lasix program are registered with the LGCA Lasix program.

3.12

The licensee must only use a licensed veterinarian for veterinary services for any horse under their care.

4.0 Recordkeeping

4.1

The licensee must retain records respecting any drugs or medications administered to the horses under their care, including:

- a) the name and tattoo or microchip number of the horse;
- b) the date and exact time of the administration of the drug or medication;
- c) the name and nature of the drug or medication administered; and
- d) the exact dosage given.

Available in alternate formats, upon request.
